

Hungarian Stamps 2009

FOR EACH OTHER!

In 2007 Magyar Posta announced a national drawing competition for children. The subject of the competition was offering help and portraying what children could do for their fellows in need.

From the entries, Zsuzsanna Flóra Szabó's work entitled Hand in Hand won the special prize and was chosen for the charity postage stamp. The green background and the envelope motif refer to Magyar Posta while the intertwining hands symbolise offering help and joining forces.

The amount of the surcharge (HUF 50) may not be used to pay for postage.

Magyar Posta will donate proceeds from the surcharge to the Krízis Alap (Crisis Foundation).
